No. 232.—The following press communiqué of the Government of India is republished :—

PRESS COMMUNIQUÉ.

Simla, the 18th July 1917.

On account of the great difficulty experienced by officers sent for service to Mesopotamia in obtaining binoculars suitable for field service, His Excellency the Commander-in-Chief issued on the 2nd of June 1917 an appeal to private individuals in India who had suitable binoculars in their possession to give them on loan for issue to officers who cannot otherwise obtain a pair. It was intimated also that Government would be pleased to accept suitable binoculars from persons who desire to offer them as gifts without payment, and arrangements were made for the purchase, on the valuation of the Mathematical Instrument Office, Calcutta, of binoculars from owners who prefer to sell them outright. In response to this appeal, the number of binoculars received up to the 15th July is as follows :—

(1) On loan	..	199
(2) As gifts	..	49
(3) By purchase	..	69

The President of the Munitions Board, on behalf of the Commander-in-Chief, has made separate acknowledgments of the generosity of each donor and lender ; but as large numbers of binoculars are still required, the arrangements for receiving them are republished and the public are again invited to assist His Excellency in providing officers on service with suitable instruments.

Messrs. Lawrence and Mayo, manufacturing opticians, Bombay, have kindly offered their services for the examination of binoculars brought to them by residents in Bombay and other cities in which they have branch establishments. The firm will take charge of all suitable instruments and pack and despatch them at their own cost to the Mathematical Instrument Office, Calcutta.

Owners who are willing to give, lend, or sell binoculars are invited, therefore, either to send them to

The Officer in Charge,
Mathematical Instrument Office,
15, Wood Street, Calcutta.

or to deliver them to Messrs. Lawrence and Mayo at their establishments in Bombay, Calcutta, Madras, Delhi, Lucknow, Simla and Rangoon for despatch to the Mathematical Instrument Office.

Where necessary, instruments will be put into good order and repaired by the Mathematical Instrument Office. The names of all persons who send in binoculars on loan will be registered with a view to the return of their property after the war, and, in the case of loss or damage, compensation will be paid on the valuation made by the Mathematical Instrument Office.

All binoculars with a magnification of not less than three diameters will be accepted. Suitable telescopes will also be accepted but opera-glasses are not required. The receipts of all instruments will, in future, be published weekly.

The examination, however, for all grades in (1) Modelling, (2) Wood-engraving, and (3) Copper-plate Engraving, and for the *Advanced grade only* in (1) Free-hand Outline Drawing, (2) Design, and (3) Painting will be held *only* at *Madras*:—

N.B.—Should the number of candidates who have applied to be examined at any one of the above centres fall short of *thirty*, the candidates that selected that centre must be prepared to proceed, at their own expense, to the nearest centre where the examination may be held. Timely notice will be given to the candidates concerned.

3. No notice will be taken of the application of any candidate who selects a centre which is not in the above list, and no candidate will be allowed to name more than one centre. No candidate will on any account be allowed to change the place of examination entered in his application, *which must invariably be the place where he is employed or ordinarily resides, or should it not be a centre, the place nearest to it where the examination is held.* A candidate appearing for examination at a centre other than the one mentioned by him in his application must be prepared to have his examination annulled.

4. In addition to the above centres, the Commissioner will be prepared to arrange for the holding of the *Written* examinations in any of the subjects mentioned, at any other place, if he is satisfied that not fewer than *thirty* candidates are likely to offer themselves for examination, and it is advisable to make such place a centre. Applications for the inclusion of such place or places in the list of centres should be made to the Commissioner through the local educational or other authorities concerned before the 17th August. Ordinarily, however, only one place will be constituted a centre for each district.

5. The oral and practical examinations in such subjects as require them will be held at those places only where satisfactory arrangements can be made for the conduct of such examinations.

N.B.—*To guard against disappointment in the case of such of the Oral and Practical examinations as may be held before the written examination, candidates are recommended to refer to Part I.E. of the* Fort St. George Gazette *from time to time.*

6. Candidates whose examinations, either written or oral and practical, cannot be arranged for at any place near, *at their own expense*, proceed to Madras or to the nearest centre where they are held in the subjects in which they appear.

7. Heads of institutions are requested to see, before the certificate at the foot of the application is signed by them, that their institution has been recognised by competent authority as fitted to impart instruction in the *Technical* subjects and for the grades in them brought up by their *pupils*.

N.B.—Heads of institutions recognised for *General Education only* should not sign the certificate at the foot of the application form filled in by any of their pupils coming up for any of the Technical examinations.

8. All pupils coming up from the same institution must select the same centre, and the applications of all of them should be forwarded together (along with a covering letter stating the number of applications) by the head of that institution, no applications of any *private* candidates being enclosed with these applications.

9. Each candidate must, wherever the syllabus requires it, submit, before the 31st August, the necessary drawings, plans, surveys, field books, estimates, or other "certified works." Each of the drawings, etc., submitted must have entered on it the name of the candidate, the subject and grade of examination for which he appears and the centre at which he appears, and must be certified to be his own unaided work by the head of the institution or office to which he belongs, by an officer of the Public Works Department not below the rank of Supervisor, by a District Board Engineer, by the Engineer of the Corporation of Madras, or by an Engineer of any Railway Company.

Candidates are specially warned that no certified works will be valued by examiners unless the certificate of authorship is quite satisfactory and specifies clearly the period of time occupied in the execution of each work and unless the examiners are satisfied as to the identity and qualifications of the persons granting the certificates. Further, if any suspicion attaches to any certified works submitted by pupils from Technical schools, the Commissioner will be compelled to recommend to the authority concerned the withdrawal of the departmental privileges enjoyed by the schools. Private candidates, whose certified works are in any way suspected by the examiners, will be liable to have their examination invalidated and also to be debarred from appearing for any of the examinations under the control of the Commissioner for such term of years as the Commissioner may think fit.

It must be particularly noted that the drawings, etc., of each candidate should be submitted in a separate roll for each subject and for each grade (i.e., the drawings, etc., for a number of subjects should not be rolled up together), and that the drawings, etc., of a number of candidates should not be sent in one and the same roll. Also, on the outside of each roll for each subject, each candidate should enter the following particulars in ink.

(1) Name of candidate,
(2) Place of examination,
(3) Subject,
(4) Grade, and
(5) Total number of drawings in each roll

As the application has to be kept in the office and as the drawings, etc., have to be forwarded to the examiners, the application itself should be sent in a *separate* cover and not *rolled* up with the drawings, etc.

A candidate who failed, or having applied, did not appear, at a previous examination, must submit fresh drawings, etc. The drawings, etc., submitted will on no account be returned.

10. Candidates must send in their applications made out in English on *printed forms so that they reach the Commissioner's office on or before the 31st August, after which date no applications will be received.* Only one form of application should be used by each candidate, although he may bring up several subjects and come up for different grades.

11. Candidates in the mofussil should obtain the required application forms from the treasury of the taluk in which they are resident or of the district to which they belong. Candidates in the Native States of Mysore, Hyderabad, Travancore and Cochin should obtain them from the Hon'ble the Resident's Treasury. Candidates who are residents of Madras should apply for application forms at the office of the Commissioner for Government Examinations, Old College, Nungambaukam, and not to the Collector of Madras.

N.B.—No notice will be taken of any application from candidates in the mofussil requesting to be supplied with application forms from this office.

12. The following is the scale of fees to be paid by candidates for admission to the examinations :—

	Elementary.	Intermediate.	Advanced.
	Rs.	Rs.	Rs.
For each subject	3	5	10

N.B.—No candidate will be permitted to come up for examination in more than one grade in the same subject at the same time.

13. The prescribed fee must be paid in every case into a Government treasury or, if at Madras, into the Bank of Madras, and the receipt given by the Treasury Officer or the Bank of Madras attached to the application, which must in every case reach the Commissioner's office on or before the 31st August. *On no account will the fee be received in the Commissioner's office, whether sent in cash or by Post Office order. No application will be registered unless it reaches the Commissioner's office by the date prescribed.*

NOTE.—*At Madras, in the case of all pupils, the fees should be collected by the Headmaster and sent in a lump sum to the Bank of Madras together with two lists of the pupils, one of which will be returned by the Bank and the other signed and returned to the Headmaster. This latter list should be forwarded to this office along with the applications of the candidates. The necessary forms for this purpose will be supplied by this office to Headmasters on application.*

14. Each application should be sent direct to the undersigned, post-paid, superscribed and addressed as follows, the receipt for the fee paid *being securely fastened* to it.

15. Candidates are warned that the application itself *should not be enclosed* with any drawings, plans, surveys, field books, estimates, or other "certified works" that may be sent, but should be submitted in a separate cover.

[*Application for admission to the Government Technical Examinations.*]

To the Secretary to the Commissioner for Government Examinations,
Nungambaukam, Madras, S.W.

N.B.—Candidates anxious to assure themselves that their applications have been received should enclose *an addressed post card in their respective applications.* The post card should bear the sender's address only and no other writing. Such post cards will be returned to them in due course with the "Received" stamp of the office impressed upon them. No other form of acknowledgment except that required by the Postal rules regarding registered covers can possibly be given nor will any notice be taken of any letter from any candidate inquiring whether his application has been received. *Insufficiently stamped covers will be rejected.*

16. Candidates should write their names, their father's names and their house names *distinctly* and *in full* in their applications and give their *address* in *full* also; if "Other Hindus", they should state in column 5 of their applications whether they are "Non-Brahman Caste Hindus" or "Panchamas." Applications which are irregular or defective in any particular will not be taken notice of.

NOTE.—The occupation or profession of candidates, or the appointments held by them should invariably be stated—in full—in column 10 of their applications.

17. *The fee paid will, in no case whatsoever, be refunded,* nor *will it be reserved for a subsequent examination. Neither will any excess fee that may have been inadvertently paid be returned. Candidates are warned to study the notification carefully and satisfy themselves, before remitting their fees, that they fulfil the prescribed conditions of admission to the examination and that they can, if necessary, proceed, at their own expense, beyond the limits of the examination centre selected by them, for the purpose of undergoing the Written, or the Oral and Practical examinations.*

17. Candidates for the Intermediate or Advanced examinations whose names have already been published in the Gazette as having passed a particular stage or stages in subjects in which the examination is divided into stages, or as having passed the Intermediate (late Preliminary) where the examination is of two grades—Intermediate and Advanced—must in their applications cite the date and page of the Gazette in which their names appear and their number in the list of successful candidates.

18. The examinations in the subjects under "Drawing, etc.," will be conducted in the order of time and subjects set forth in the following table. *Candidates will not be allowed to come up in more*

than one of the subjects bracketed together for the same time on the same day in the table below, or for more than one grade of examination in the same subject in the same year.

UNIVERSITY CALENDAR

The Calendar of the University for 1918 is now under preparation. That portion of volume II of the Calendar relating to the alphabetical list of graduates is carefully revised from year to year by the University Office. The Registrar will be obliged to graduates and others for information in the following form, to enable the office to correct the list and bring it up to date.

The Registrar will be glad to receive intimation from time to time of the changes in the occupation of graduates. Such information when given should be as complete as possible so as to enable the office to amend the list correctly.

Name under which Diploma was granted.	Name of the degree and class in which placed.	Year of convocation at which the Degree was conferred.	If a B.A. under the Old By-laws.		If a B.A. under the New Regulations.		Occupation or address.
